

APPLICANT SURGERIES

If you have a project idea or need help with your application, come along to one of our application surgeries.

Surgeries are short (up to 45 minutes) one-to-one chats for people who wish to discuss their project with a member of our team, face-to-face rather than over the phone.

The aim is to:

- Establish whether your project could be eligible for funding
- Answer any questions you may have about the application forms
- Help you to prepare a robust and successful application.

Surgeries will be held between 10am and 4pm on the following dates:

- Tuesday 23rd May – Churchfields, Wincanton, BA9 9AG
- Thursday 25th May – Frome Town Hall, Frome, BA11 1EB
- Wednesday 7th June – Nadder Centre, Tisbury, SP3 6HJ

COME ALONG TO OUR APPLICANT SURGERIES

- One to one support, guidance and advice
- Prepare a robust application
- Learn about the application process and LEADER funding

TOP TIP – PREPARATION IS KEY! BEFORE YOU ATTEND:

- Research your project
- Research your market
- Plan how your business or organisation will grow
- Think about how many jobs your project will create
