

Bespoke Designs • Treated Timber • Domestic & Agriculture Products

## A CASE STUDY

### Project Title:

Yarcombe Woodland Products – 21<sup>st</sup> Century Manufacturing

### Brief Description:

Yarcombe Woodland Products has been established for over 30 years serving the local community. They specialise in the supply of home-grown Fencing Stakes and Tanalised Timber which enables them to maintain a high quality, durable product.

Yarcombe Woodland Products applied for LEADER funding to purchase and install an automatic panel manufacturing machine and stacking line to increase the overall profitability of the business and bring the latest manufacturing technology to a rural business to increase productivity and enable the business to keep up with demand for good quality bespoke fence panels.

Please see link to their website [www.yarcombewp.com](http://www.yarcombewp.com)

### Level of Grant/Investment:

LEADER Grant award £88,044 representing 40% of total project costs.

### Outcomes:

- Creating 4 FTE
- Business expansion and diversification
- Boost for the local economy
